

8th Anniversary

What a year it has been!

As we take a moment to reflect, we want to acknowledge and thank you for your generous support and donations.

So before we finish for the year, we'd like to share our favorite achievements:

175+ Classes

We were able to provide over 175+ classes over the past year

305+ Students and Adults

We were able to teach over 350+ students and adults through our various programs such as Coding, Family Technology, Artificial Intelligence, Cloud Computing and more!

\$2,000+ Raised

With your help we were able to raise over \$2,000 this year to help fund our programs and fight the digital divide!

More than

10+

volunteers helped organize and coordinate our community events, along with our staff.

None of this would have been possible without your significant contribution. This year we were able to teach over 175 classes to over 350 students and adults. The classes included our SCRATCH and PYTHON coding classes and our multilingual adult Family Technology Workshop classes. The Family Technology Workshop classes are currently offered in English and Spanish. We were able to sprinkle in some of the latest technology in our classes offering coding with Micro:bit and an Introduction to Artificial Intelligence class including a focus on CHATGPT. BCAUSEICAN also launched a Mobile Classroom that offers devices and internet access to students in any location. BCAUSEICAN continues to address Digital Equity in the communities served. “BCAUSEICAN, You Can, We Can”

As we celebrate our success of another year fighting the digital divide, we also celebrate the wonderful community we have that support us. We look forward to spreading more knowledge and support with our students in the 2023- 2024 school year!

BCAUSEICAN, You Can, We Can!
